9. Misc

Executive board will meet 1/2 hour before the general meeting.

Spring clean up around the cabins must be done by April 30th. Fines will

be issued weekly after May 5th. Everyone is required to clean around their own cabin, and expected to help with the community property. There have been some bad storms, with an unusual number of sticks/twigs down. These must be cleaned up down to the channel before mowing can begin. Some areas are having problems with moles and woodchucks.
